Supporting our Community

The Greenbank Services Club Community Benefit Foundation has been established to provide support to the local community and will provide direct grants to charitable organisations helping improve community welfare and make our local communities a better place to live, work and play.

The Foundation also aims to target charitable organisations with limited resources and/or financial support.

We welcome applications from eligible Not-for-Profit organisations that provide vital local services within the Brisbane Southside Suburbs, in the areas of childhood/youth; people with disabilities; environmental care and social/community welfare.

The pillars of the Greenbank Services Club Community Benefit Foundation are supporting youth, health, culture and community.
